

Section: Narratives - Needs Assessment

Introduction

The findings of a recent study showed that there is a significant benefit to students who participate in out-of-school-time (OST) programs. In fact, the [Return on Investment of Afterschool Programs in Pennsylvania](#) study determined that for every dollar invested in after-school programming for students there was a return of \$6.69 in potential benefits to students, including reduced rates for drop-outs, teen pregnancy, substance abuse, crime and delinquency ([Link to PSAYDN.org](#)).

In accordance with the American Rescue Plan (ARP) Act and Pennsylvania Act 24 of 2021 (Act 24), the Pennsylvania Department of Education (PDE) will award approximately \$50,000,000 or one percent (1%) of Pennsylvania's ARP Elementary and Secondary School Education Relief (ESSER) State Reserve funds to support school districts, charter schools and cyber charter schools (collectively, LEAs) in the development and implementation of comprehensive after-school programs to address learning loss in response to the academic, social, emotional and mental health needs of students and subgroups of students impacted by COVID-19 public health emergency that supplement school programs and activities.

Act 24 requires that, when available, existing personnel shall be utilized by school districts, charter schools and cyber charter schools to staff programs and activities established with these grant funds.

Within 90 days of receipt of these allocations, school districts, charter schools and cyber charter schools must submit a three-part plan to PDE, that outlines the proposed use of the grant money, itemized by program and activity. This plan is part of a consolidated application that includes after-school programming, summer programming, and a comprehensive plan to address learning loss. The plan shall include:

- 1) A description of each program and activity
- 2) A narrative outlining the expected benefit of each program and activity
- 3) A budget for each program and activity detailing personnel and operating costs

PDE has developed the Accelerated Learning Toolkit, a significant cadre of resources and trainings, to support LEAs in the development of their plans. The Accelerated Learning Toolkit can be found [Link to Accelerated Learning Toolkit](#).

Needs Assessment: In this section, LEAs are asked to describe the impact of the pandemic on their students, examine disproportionate impacts on specific student groups, and highlight the LEA's promising practices in supporting students' needs since March 2020.

Indicators of Impact

1. Describe how the LEA identified students for inclusion in after-school programming. Include a brief description of the indicators used in the decision-making process.

The district identifies students for inclusion in after school programming based upon a referral process conducted through the District's child study team at each grade level k-12. The teams assess students individually based on academic, social, and emotional progress using the following data points: grade checks, attendance, truancy, discipline and whole child goal progress. In addition, data is collected through parent input/referrals, as well as the District's Student Assistance Team (6-8 and 9-12).

Section: Narratives - After-school Program

After-school Program Questions: In this section, LEAs are asked to describe the activities they have designed to provide after- school programming for their students.

- Identify the target student-group for the summer school program. Will the focus be on academic growth, social and emotional wellness, or some other factor to support student growth? For each group, provide specific strategies that were used or will be used to identify and measure impacts.

| Student Group | Area of Focus | Number of Students Served | Provide specific strategies that were used or will be used to identify and measure impacts |
|-----------------------------------|-----------------|---------------------------|--|
| Children from Low-Income Families | Academic Growth | 300 | academic eligibility checks, attendance, promotion and retention checks, fluency checks (elementary) |
| Children with Disabilities | Academic Growth | 100 | academic eligibility checks, attendance, promotion and retention checks, progress monitoring. |

- Describe the evidence-based resources that will be used to support student growth during the after- school program.

School staff will provide intervention to students based on individual student needs as identified by the grade level child study team. These needs may be skill based, content based or academic success skills (study skills, note taking, etc.). Resources used to deliver the supportive services may include, but shall not be limited to programs such as Study Island, reading fluency programs, math fluency programs, a study skill programs.

- Describe the staff that will provide the after- school program (i.e., Internal staff or outside resources).

| Number of Staff Members | Internal/Outside Provider | Role |
|-------------------------|---------------------------|-----------|
| 3 | Internal | 14,848.00 |

a. The LEA assures it understands it is responsible to offer the work to its internal employees prior to engaging outside entities.

b. The LEA assures it understands it is responsible to ensure that all after-school program staff hold the appropriate certifications for the program that is being delivered.

5. How will the LEA assess the success of the after-school program? Please identify the tool, frequency of use, and expected results.

| Tool Used to Evaluate Success | Frequency of Use | Expected Results |
|--------------------------------|------------------|--|
| grade checks/benchmark results | weekly | students will earn a 70% or better in scheduled subjects |

6. How will the LEA engage families in the after-school program?

The LEA will engage families in the after school program through principal new letters, phone calls home, progress checks.

Section: Budget - Instruction Expenditures

Instruction Expenditures

Budget

\$14,848.00

Allocation

\$14,848.00

Budget Over(Under) Allocation

\$0.00

Budget Overview

| Function | Object | Amount | Description |
|--------------------|----------------|--------------------|--|
| 1000 - Instruction | 100 - Salaries | \$10,848.00 | Certifield district staff will deliver instructional support to students in need through after school programs. |
| 1000 - Instruction | 600 - Supplies | \$4,000.00 | School staff will identify and select research based materials to improve areas of need. Principal will affirm the evidence /research based resources and submit for approval to the superintendent. |
| | | \$14,848.00 | |

Section: Budget - Support and Non-Instructional Expenditures

Support and Non-Instructional Expenditures

Budget

\$14,848.00

Allocation

\$14,848.00

Budget Over(Under) Allocation

\$0.00

Budget Overview

| Function | Object | Amount | Description |
