

## Section: Narratives - Needs Assessment

### Introduction

The findings of a recent study showed that there is a significant benefit to students who participate in out-of-school-time (OST) programs. In fact, the Return on Investment of Summer school Programs in Pennsylvania study determined that for every dollar invested in summer school programming for students there was a return of \$6.69 in potential benefits to students, including reduced rates for drop-outs, teen pregnancy, substance abuse, crime and delinquency ([Link PSAYDN.org](#)).

In accordance with the American Rescue Plan (ARP) Act and Pennsylvania Act 24 of 2021 (Act 24), the Pennsylvania Department of Education (PDE) will award approximately \$50,000,000 or one percent (1%) of Pennsylvania's ARP Elementary and Secondary School Education Relief (ESSER) State Reserve funds to support school districts, charter schools and cyber charter schools (collectively, LEAs) in the development and implementation of comprehensive after-school programs to address learning loss in response to the academic, social, emotional and mental health needs of students and subgroups of students impacted by COVID-19 public health emergency that supplement school programs and activities.

Act 24 requires that, when available, existing personnel shall be utilized by school districts, charter schools and cyber charter schools to staff programs and activities established with these grant funds.

Within 90 days of receipt of these allocations, school districts, charter schools and cyber charter schools must submit a three-part plan to PDE, that outlines the proposed use of the grant money, itemized by program and activity. This plan is part of a consolidated application that includes after-school programming, summer programming, and a comprehensive plan to address learning loss. The plan shall include:

- 1) A description of each program and activity
- 2) A narrative outlining the expected benefit of each program and activity
- 3) A budget for each program and activity detailing personnel and operating costs

PDE has developed the Accelerated Learning Toolkit, a significant cadre of resources and trainings, to support LEAs in the development of their plans. The Accelerated Learning Toolkit can be found [Link to Accelerated Learning Toolkit](#).

**Section 1 - Needs Assessment:** In this section, LEAs are asked to describe the impact of the pandemic on their students since March 2020.

### Indicators of Impact

1. Describe how the LEA identified students for inclusion in a summer school program. Include a brief description of the indicators used in the decision-making process.

Summer programs are offered to students k-12 for enrichment, recoupment of credit deficiencies, and enhancement of skills. Students are identified through each grade level child study team, through the analysis of report card data/progress reports, teacher

recommendation and parent referral.

**Section: Narratives - Summer School Program Questions**

**Summer School Program Questions:** In this section, LEAs are asked to describe the activities they have designed to provide summer school programming for their students.

2. Identify the target student-group for the summer school program. Will the focus be on academic growth, social and emotional wellness, or some other factor to support student growth? For each group, provide specific strategies that were used or will be used to identify and measure impacts.

Student Group	Area of Focus	Number of Students Served	Provide specific strategies that were used or will be used to identify and measure impacts
Children from Low-Income Families	Academic Growth	50	academic progress checks, self assessment surveys for wellness, pre/post surveys; student will show growth from pre survey to post survey in the individually identified academic or social emotional area.
Children with Disabilities	Academic Growth	15	academic progress checks, self assessment surveys for wellness, pre/post surveys; student will show growth from pre survey to post survey in the individually identified academic or social emotional area.

3. Describe the evidence-based resources that will be used to support student growth during the summer school program.

Evidence based resources may include and not be limited to Study Island Benchmark Assessments, CDTS, self assessments, Educere course enrollment, PLATO course works, pre and post wellness surveys associated with SEL curriculum,

4. Describe the staff that will provide the summer school program (i.e., internal staff or outside resources).

Number of Staff Members	Internal/Outside Provider	Role
8	Internal Provider	to deliver academic support and social emotional instruction to students using research/evidence based materials and best instructional practices

**a. The LEA assures it understands it is responsible to offer the work to its internal employees prior to engaging outside entities.**

**b. The LEA assures it understands it is responsible to ensure that all summer school program staff hold the appropriate certifications for the program that is being delivered.**

5. How will the LEA assess the success of the summer school program? Please identify the tool, frequency of use, and expected results.

Tool Used to Evaluate Success	Frequency of Use	Expected Results
grades and wellness surveys	1 time per week through duration of the program	student will show academic and social emotional growth

6. How will the LEA engage families in the summer school program?

The LEA will engage families in summer school opportunities through principal news letters, phone calls home, progress reports and parent conferences.

**Section: Budget - Instruction Expenditures**

Instruction Expenditures

**Budget**  
 \$14,848.00  
**Allocation**  
 \$14,848.00

**Budget Over(Under) Allocation**  
 \$0.00

Budget Summary

Function	Object	Amount	Description
1000 - Instruction	100 - Salaries	\$10,000.00	Certified staff will deliver academic and social emotional instructional support to students based on individual needs during summer school sessions.
1000 - Instruction	600 - Supplies	\$4,848.00	School staff will identify and select research based materials to improve areas of need. Principal will affirm the evidence /research based resources and submit for approval to the superintendent.
		<b>\$14,848.00</b>	

**Section: Budget - Support and Non-Instructional Expenditures**

Support and Non-Instructional Expenditures

**Budget**  
\$14,848.00  
**Allocation**  
\$14,848.00

---

**Budget Over(Under) Allocation**  
\$0.00
